Education

St. Robert Catholic High School
OSSD & IB Diploma

Thornhill, Ontario
Expected Graduation 2027

Projects

DeltaDispatch

January 2026

- Built AI-assisted emergency dispatch prototype using multi-agent architecture, call transcription, and vector embeddings with Pinecone to prioritize emergency queues
- Implemented backend using Redis + FastAPI and integrated calling via Twilio webhooks

TrashTag

October 2025

- Developed gamified environmental cleanup platform with real-time mapping, Firebase backend, and native Android development
- Won 3rd place at IncubatorHacks

Leaf Todo List

August 2025

- Built native Android task management app using Kotlin, XML UI, Room database, and MVVM architecture for scalable persistent local storage

Experience

Swim Instructor and Aquatics Assistant

City of Markham Recreation

Markham, Ontario
February 2024 - Present

- Developed lesson plans and maintained a safe learning environment for students

Swim Instructor

Olympian School of Swimming

Markham, Ontario
June 2024 - August 2024

- Delivered targeted feedback to improve student technique and confidence

Activities

Media Coordinator at St. Robert Science Fair Club

October 2025 - Present

- Managed digital content and event promotion
- Coordinated communications with other media coordinators to support science fair outreach

ACSL Team Member at TTMATH School

October 2025 - Present

- Competed in computer science contests covering algorithms, data structures, digital logic, and low-level computing concepts

SHAD UNB

July 2025 - August 2025

- Completed competitive STEAM enrichment program at SHAD involving team-based engineering design and a final capstone project

Programmer and Notebooker for VEX Team 3004A

May 2025 - Present

- Developed robot code and maintained engineering notebook documenting design iterations and testing data
- Won multiple Tournament Champion, Skills Champion, and Excellence Awards at regional qualifiers and qualified for the VEX Robotics World Championship

Awards and Certifications

- USACO Silver
- Fryer Contest: Group 5 (Top 5%)
- CCC Junior, Pascal, Cayley, Fermat, CIMC, CSMC Contests: Distinction (Top 25%)
- Third place at IncubatorHacks
- Standard First Aid & CPR-C, National Lifeguard, Swim Instructor Certification, Airway Management

Skills

Programming / Markup Languages: Python, C++, JavaScript, TypeScript, Kotlin, HTML, CSS

Tools: Git, Figma, Android Studio, STM32CubeIDE, STM32CubeMX

Libraries & Frameworks: React, React Native, Tailwind, Bootstrap
